April 22 & 23, 2011

Named 2007 Hunter/Equitation Horseman of the Year by the Chronicle of the Horse, Karen Healey's reputation speaks for itself. Her winning system has led clients to great successes in the show ring time and time again. Karen's clients have earned top honors in the hunter divisions, all the major equitation finals, and many have gone on to be successful Grand Prix riders. Karen prides herself on developing horsemen in the truest sense of the word. She works with riders of all levels and has a wide cross section of students. Even though she is known for her hard work and determination, it is her love of teaching and dedication to excellence at all levels that inspires her.

Karen was mentored by George Morris and worked for him at his Hunterdon Farms from 1971-1974. She moved to California in 1981 and began her business at the Los Angeles Equestrian Center. In the following years, she developed such riders as 1998 AHSA Jr. Horseman of the Year Jill Prieto, 2008 USET Talent Search winner Kasey Ament and Style Award Winner Hannah Selleck.

Karen Healey Stables is presently located in Hidden Valley, California. Since locating there, her riders have won over 75 medal finals and numerous championships in the hunter/jumper divisions.
